ASK PC Certified Trainers – ACTs

ASK PC Certified Trainer Certificate or ACT is the highest level of ASK PC certification programs. Being one of ASK PC Certified Trainers will help you start your own professional career in IT Training in cooperation with ASK PC Academy. Become part of an elite community that includes classroom and e-learning instructors, learning consultants, and conference presenters. ACTs are the premier technical and instructional experts on Information Technologies, and are the only individuals authorized to deliver training for ASK PC Certification.

Renewal

ASK PC Certified Trainer certification requires an annual renewal. Each year, ASK PC Certified Trainers must complete renewal application, pay an annual fee, and meet a number of program requirements to renew their certification for the coming year.

Annual fees will be waived if ACT delivers at least one course per year and requested ASK PC certifications for his students.

If you are working with one of ASK PC Authorized Training Centers (ATCs), Your Center will contact ASK PC Academy to get your Certificate.
